

A donation of 5 bags of organic fertilizer has been made in your honor

Economic hardship initially led several of our farmers to organic farming. They since have realized the many advantages—for their health, environment and land's productivity—of organic farming.

The donation of 5 bags of organic fertilizer serves as a symbolic gift and will support Partners for Just Trade's work toward building a just, global marketplace that includes Cameroonian farmers whose land has been usurped by a multinational corporation. The Fair Fruit project has renewed the hope for the families and communities involved in its production.
